A Professional Search Experience

In industries where growth opportunities have been accelerated by technological advancement, competition for talent is more intense than ever.

Outdated talent attraction strategies can no longer secure your status as an “employer of choice” among the best and brightest professionals in the insurance sector.

Organizations that thrive in this evolving landscape are those whose hiring processes and technologies promote efficiency and transparency while placing candidate experience at the center of their operations.

Our Philosophy

At Checked Recruitment, our primary goal is to facilitate long-term professional relationships between our candidates and clients.

Each stage of our process has been carefully designed to deliver an efficient and cohesive hiring experience for both employers and candidates.

Our professionalism and attention to detail allow us to provide long-term hiring guarantees on every assignment, helping reduce the risks often associated with new hires.

Who Are We?

Since our inception, Checked Recruitment has committed to being a strategic, quality-driven recruitment partner for our clients.

We intentionally limit the number of roles we handle at any given time, allowing us to focus fully on delivering exceptional results.

Our flexible approach enables us to provide clients with sector and product specialist hires more efficiently and within shorter time periods.

Checked Recruitment specializes in placing talented professionals across Sales, Operations, Administration, Underwriting, Human Resources, Finance, Projects, Brokerage & Distribution, Actuarial, Pricing, Claims, and Leadership roles within the Insurance, Reinsurance and Financial Services industries.

Our Difference

By conducting a detailed analysis of the market for every assignment, we create a clear strategy for successfully delivering each search.

Our Company Mapping and Talent Mapping processes provide deep insight into the available talent pool, competitor organizations, and industries that house professionals with relevant transferable skills.

Offering More

For more complex searches, our research phase can also include additional market intelligence such as:

- Salary benchmarking
- Employer reputation insights
- Talent availability reports
- Future hiring and talent pipeline forecasts

Once completed, we can present these insights during a calibration meeting to ensure all stakeholders are aligned on the search strategy and desired outcomes.

People Recruit From People

Checked Recruitment is led by Director of Insurance Recruitment, Ben Hollington, supported by an experienced research and delivery team.

Before entering recruitment, Ben spent more than 20 years working within insurance organizations in operational and management roles.

This experience provides a strong understanding of the internal structure of insurance companies, the products they offer, and the professionals required to support their growth.

Over the course of his career, Ben has built an extensive network of insurance professionals while supporting many of the most active employers in the sector.

His background provides a detailed technical understanding of the roles his team recruits for, enabling him to identify high-quality candidates who may not be visible through traditional hiring channels.

Dont Just Take Our Word For It

"My first call to make when I needed strong calibre staff quickly. I always admired his honesty and ability to understand our needs with little guidance"

Integration Manager

"Appreciate you not giving up or going quiet (to work on lower maintenance clients!) in the face of my demanding candidate requirements, and I'm really happy with the hire you got us"

Director

"Provided that same high level of service ensuring he understands my needs and the needs of the companies he is searching for to ensure the optimum match"

CFO

"Ben is more than a recruitment partner; he goes beyond to build networks based on mutual respect and truly works hard to attract candidates who will be right for an organisation. Dom gives huge energy and commitment to his clients and is a pleasure to work with"

VP HR

"Having taken our brief, my experience has been that Ben shortlists two to three candidates who have the skills, qualifications and experience to fill the role, and we simply have to decide on the person we prefer. I have no hesitation whatsoever in recommending Ben to any organisation looking for a professional and reliable recruitment service"

HR Director

Commitment to Lasting Partnerships

We believe that true success is achieved through the formation of lasting, sustainable partnerships for both the candidates and clients we introduce, as well as the companies we collaborate with.

That's why you will find us honest and transparent in all our dealings, willing to back our work with guarantees.

As a business, we look forward to forming a strong partnership that will enable your organization to attract and retain the best, most relevant talent available in the market for your organization.
